PROGRAMME

Kenya National Anthem
Mungu Nguvu Yetu
Haki Iwe Ngao Na Mlinzi
Natumkae Na Undugu
Amani Na Uhuru
Raha Tupate Na Ustawi

KENYA NATIONAL ANTHEM

Ee Mungu nguvu yetu,
Ilete baraka kwetu
Haki iwe ngao na mlinzi
Natukae na undugu
Amani na uhuru
Raha tupate na ustawi

O God of all creation,
Bless this our land and nation
Justice be our shield and defender
May we dwell in unity,
Peace and liberty,
Plenty be found within our borders.

Amkeni ndugu zetu
Tufanye sote bidii
Nasi tujitoe kwa nguvu
Nchi yetu ya Kenya
Tunayoipenda
Tuwe tayari kuilinda

Let one and all arise,
With heart both strong and true;
Service be our earnest endeavor,
And our homeland of Kenya
Heritage of splendor
Firm may we stand to defend.

Natujenge taifa letu
Ee ndio wajibu wetu
Kenya istahili heshima
Tuungane mikono
Pamoja kazini
Kila siku tuwe na shukrani

Let all with one accord
In common bond united
Build this our nation together
And the glory of Kenya
The fruit of our labour,
Fill every heart with thanksgiving

A BRIEF HISTORY OF MMUST

Masinde Muliro University of Science and Technology (MMUST) is situated in the east of Kakamega town along Kakamega-Webuye road.

The University is successor of the former Western College of Arts and Applied Sciences (WECO). WECO was founded on 5th January 1972 based on the then Harambee spirit. Harambee spirit encouraged the establishment of regional technical Colleges in the country on Self-help efforts. These Colleges were to provide vocational training that aimed at producing persons with technical skills. WECO as a regional College developed programmes which were to be offered in sites based in the then three districts of Western Province as follows: Engineering and Business programmes in Kakamega, Medical Technology and Nutrition in Busia and Agricultural and Veterinary Technology in Bungoma.

In December, 2002, WECO was upgraded to a university college and made a constituent College of Moi University through a legal notice No 373. The name changed to Western University College of Science and Technology. There was a debate on what the acronym of the University college should be. One group advocated for the acronym to reflect the original philosophy of the institution. They wished to have acronym slightly modified to WEUCO. The other group wished to have the acronym reflect the new name Western University College of Science and Technology (WUCST). At the retreat of the University College Council and Academic Board, it was resolved that the acronym of the institution should be WUCST. WUCST was upgrade to full fledged university status through a parliamentary Act of 2006 and the name once again changed to Masinde Muliro University of Science and Technology (MMUST).

Currently, the University has three faculties, two schools and one Centre offering academic programmes. These are; Faculty of Education and Social Sciences, Faculty of Science, Faculty of Engineering, School of Open Learning and Continuing Education, School of Health Sciences and the Centre for Disaster Management and Humanitarian Assistance. There are twenty one (21) academic departments.

The University has also a School of Graduate Studies responsible for coordinating graduate programmes and research.

MMUST also offers short courses some of which are tailor-made for specific groups or institutions.

The students are admitted in two categories---through the Joint Admissions Board (JAB) and Privately Sponsored Students' Programme (PSSP)

The necessary infrastructure has been put in place and efforts are being made to increase the existing facilities to cater for the increasing number of students.

In short period of existence, the University has grown tremendously both in student and staff population. The current student population is about 7000 and that of teaching staff is about 500.
